Snowmass Workshop on Frontier Capability

Friday 19 April 2013

System Experts (Chair: S. Nagaitsev) (10:30-12:30)

time	title	presenter
10:30	High power target design considerations for neutron production	SIMOS, N.
11:00	High power target design and operation considerations for muon production	SEIDEL, M.
11:30	High power target design and operation considerations for kaon production	PILE, P.
12:00	High power target concept for neutrino factory and muon collider	MCDONALD, K.
